

28-29 June 2021
(Moscow, EXPOCENTRE)

II International Conference on Aluminium Casting

Supported by

Partners

ALUMINIUM
ASSOCIATION

Aluminium Association Unites Market

129 leading companies of the industry are members of the Aluminium Association

The Aluminium Association interacts with market actors of all sectors in order to increase aluminium application in different fields of the Russian economy

Competence and vast experience of the Aluminium Association experts make it possible to efficiently address tasks of high value-added aluminium products wider application

Contributes to the implementation of large-scale projects and consolidates the position of the aluminium industry

First All-Russia Conference on Import Substitution and Development of Aluminium Alloy Cast Products Export

Organisers

ALUMINIUM
ASSOCIATION

13-14 November 2018

Moscow,
The Russian Union of Industrialists and
Entrepreneurs

over 49
organizations

over 100
experts

over 24
Russian regions

Metal casting is a key element of the technological process *metallurgy-metal casting-machinery manufacturing*, which defines the real economy development rates

Format

 In-person and online. ZOOM live streaming with possible participation in the discussion

Venue

 28-29 June 2021, Moscow, EXPOCENTRE

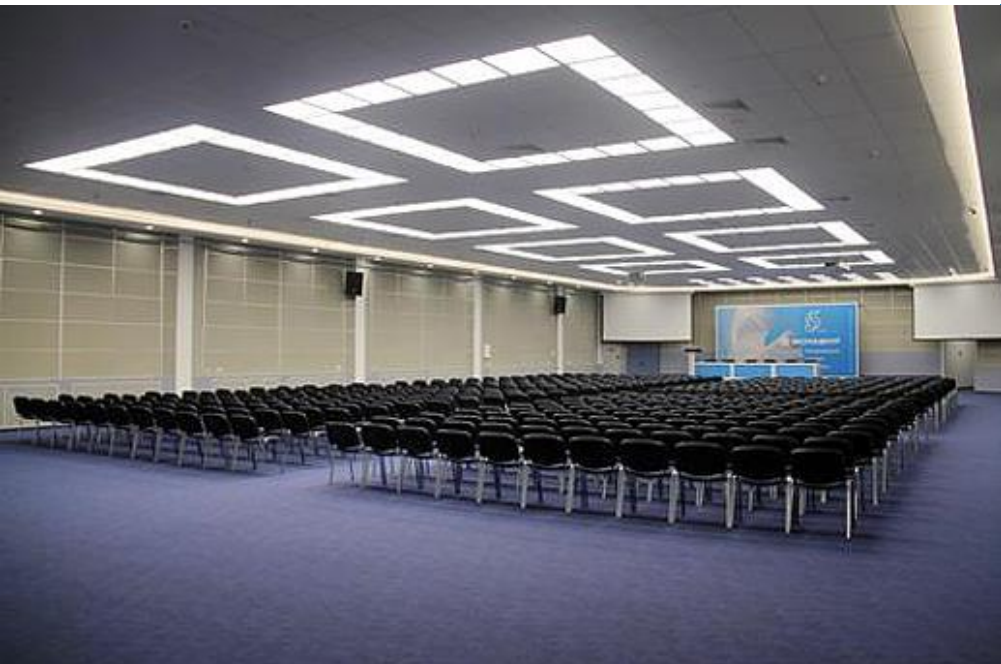

GOALS

Discussion on current market conditions and major modern trends in aluminium casting

Presentation of latest developments in science and production

Networking

Participants

Russian and international experts on aluminium recycling

Think tanks and industry experts

Heads of manufacturing and engineering enterprises

Heads of casting enterprises

Equipment and rigging manufacturers and suppliers

Leading scientific centres

over 30

speakers from Russia, Italy, Canada, Japan, Germany, Austria, India

8 strategic

sessions on key topics

online **direct communication**

with Conference participants

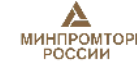

Organiser

ALUMINIUM
ASSOCIATION

Aluminium Association

Supported by

Ministry of Industry and Trade of the Russian Federation

Partners

UC RUSAL

Russian Chamber of Commerce and Industry
Agency for Strategic Initiatives

Association of European Businesses

State Research Center of the Russian Federation
FSUE "NAMI"

RAEA

"Industry 4.0" Global Trends

Sustainable Development. Automation. Digitalization. Innovation

Global Market for Aluminium Casting

Marketing strategies in casting production

Advanced Manufacturing Methods for Aluminium Alloy Castings

Aluminium and Innovations

New aluminium casting alloys with better end-user performance

Efficiency Enhancement Tools for Technological and Business Processes

Scientific Centres for the Development of Non-Ferrous Industry and Casting Technologies

Sustainable Development and Climate Protection

Carbon footprint reduction tools

Recycling, Utilization and Re-Use of Aluminium Alloys

Advanced Quality Control of Aluminium Castings Production

Qualified Personnel for Casting Industry

Best Practices of Casting Enterprises

Aluminium Materials Reference Manual

12

key issues facing
aluminium industry

ALUMINIUM
ASSOCIATION

RWTH AACHEN
UNIVERSITY

Key Speakers

ТНТ

ИЛМИТ

Participation Conditions

On-line participation

15 000 RUB

In-person
participation

20 000 RUB
